### **MAP testing**

MAP testing finished up this week. Depending on their grade level, the students took a reading, a math, and a language arts test. The information we gather from this testing helps us to identify areas of growth for students so we can target the learning objectives they may not have mastered. We can also identify whole group learning gaps that teachers can work on improving.

### **Technology in the Classroom**

Here at PoP we do not rely heavily on computers but we do utilize it in the classrooms. Here are some ways in which we use technology: intervention and remediation, research, projects, reports, and technology class.

### **Reminders**

- Please bring a snack and a water bottle daily
- Mass is Wednesday at 8:45 am
- Please CHECK and RETURN the red folders every Thursday

### **Trunk or Treat**

Please mark your calendars for the 2nd Annual PoP Trunk or Treat. It will take place in the school parking lot on Wednesday, October 18th. Everyone is encouraged to dress up and decorate your cars. Please remember to bring something to pass out to all the Trick or Treaters.

### **Personal Items**

Please leave all toys, slime, pokemon cards (or other cards), games, etc at HOME unless the teacher has given permission for a special reward. Lovies and blankets needed by the younger students are still welcome but they must listen to the teachers' directions on where to place them.

### **Prince of Peace**

I have gotten some questions as to how the Montessori aspect of our PK/K Program filters up through the other grades. Please see the insert in today's folder.
